SPECIALIST SERVICES COMMITTEE

1200 - 1245

Lunch Break

1245 - 1315

Plenary: Measurement System for Physician Quality Improvement

Ken Hughes, *MSPQI*

1315 - 1325

Transition Time

1325 - 1425

NSQIP Unconference:

Co-create an agenda of NSQIP topics to discuss, explore and solve with your colleagues

Ben Ridout, *BCPSQC*

Patients as Partners in Pre-Optimization:

Discover methods that help activate patients improve their own outcomes

Claire Snyman, *Patient*

Building Resiliency in a High Demand System:

Assess the latest research in resiliency and learn practical ways to support resiliency in teams

Allison Muniak, *VCH*
Andy Hamilton, *IH*

Spreading ERAS Beyond Colorectal Surgery:

Investigate how to expand care paths for quicker recovery

Tom Wallace, *IH*

1425 - 1440

Break

1440 - 1525

Engaging Providers with Data:

Learn how to translate NSQIP data into compelling arguments for action

Lila Gottenbos, *FH*
Alana Gavsie, *FH*
Heather Symons, *FH*
Laura-Lynne Funnelle, *FH*

Cancer Surgery Moving Forward:

Review challenges and explore strategies for improving coordination of care

Carl Brown, *BC Cancer*

Engaging the Disengaged:

Utilize change management tools to expand your support base for surgical improvements

Colleen Kennedy, *BCPSQC*

Leveraging Lighthouse Data for Improvement:

Learn how Island Health is using Cerner Lighthouse to improve quality and enhance efficiency

Norm Peters, *VIHA*

1525 - 1530

Transition Time

1530 - 1615

Commitments to Action

1615 - 1625

SQAN Next Steps

Tom Wallace, *BC Patient Safety & Quality Council*

1625 - 1630

Closing Remarks

Doug Cochrane, *BC Patient Safety & Quality Council*
