Patients Making Patient Partnership Meaningful – PVN Learning Series

🕒 January 20 @ 1:00 pm - 2:00 pm

The PVN Learning Series is created for Patient Voices Network members. The PVN Learning Series is created for Patient Voices Network members and shaped by members' input from recent focus groups and surveys. The goal of the sessions is to support the growth of PVN patient partners by reducing barriers, strengthening capabilities, and creating more opportunities to connect, learn and contribute to meaningful change in BC's health care system with increased skills and confidence.

Description

Join Claire, a longtime patient partner and advocate, in a discussion about ways to increase communication and collaboration between patients, families, caregivers and the health care system to improve the patient experience, increase access to care and embed an understanding of what matters most to people across health care.

Presenter

Claire Snyman, Health Care Advocate, Two Steps Forward

Patients Making Patient Partnership Meaningful Registration

For PVN members only: This learning series is open to current members of the Patient Voices Network.
